

Vision

At the Chongfah Resort, our senior management are committed to environmental protection and strive to reduce our property's operational impacts on the environment.

Goals

Through our environmental policy we will :

- Ensure we comply with all applicable environmental laws and regulations
- Measure our environmental performance against our objectives and targets, making sure that we regularly review our progress and look for ways to continuously improve
- Train our staff on our environmental commitments, so that they understand the role they play in delivering our objectives and targets
- Invite our guests to support our efforts to reduce our environmental impacts

Objectives

To achieve our environmental goals, we will

- Achieve and maintain our travelife for Hotels & Accommodations award
- Reduce our energy consumption by 5% in 2019 by
 - installing energy efficient lighting and movement sensors in all public areas
 - ensuring that all rooms are equipped with electronic key cards that shut off the power supply when the guest removes the key before leaving the room
- Reduce our water consumption by 5% in 2019 by
 - asking our guests to support our towel and bed linen reuse programe
 - installing water flow restrictors in the taps and showers and low flush and/or dual flush toilets in guest bathrooms
- Reduce the waste we send to landfill by 5% in 2019 by
 - separating all our waste streams including glass, paper, cardboard etc and indentifying opportunities to reuse or recycle these materials
 - finding ways to prevent the production of waste by buying in bulk or working with our suppliers to reduce packaging
- Reduce the use of potentially harmful chemicals used in our day-to-day operations by 5% in 2019 by
 - Finding biodegradable or natural alternatives
 - Minimising the use to solvents in the property
- Put in place a plan to protect and conserve the nesting sites of endangered species whose habitat is located nearby the hotel and encourage our guests to take and interest
- Ensure that 30% of non-consumable products are made from recycled content
